

02/2016

Mod: AE90

Production code: 8035036

MEALS DISTRIBUTION

“SELF RO 70”

CORNER UNITS

The production range is composed of 4 models: internal 45° corner unit, internal 90° corner unit, external 45° corner unit, external 90° corner unit.

Manufactured in inox sheet steel AISI 304.

Working top of inox sheet steel AISI 304, 1,2 mm. H. 50 with rounded edges.

The cover panels are made in stainless steel or red anti-scratch plastic material. Blue and green colours are available as an option.

The corner bars covering the elements are made of inox sheet steel AISI 304.

Each element is finished and independent on multiple direction chromium-plated wheels having a diameter of 125 mm, two of which are provided with brakes. Otherwise, modules may be of the stationary type, laying on adjustable plastic feet.

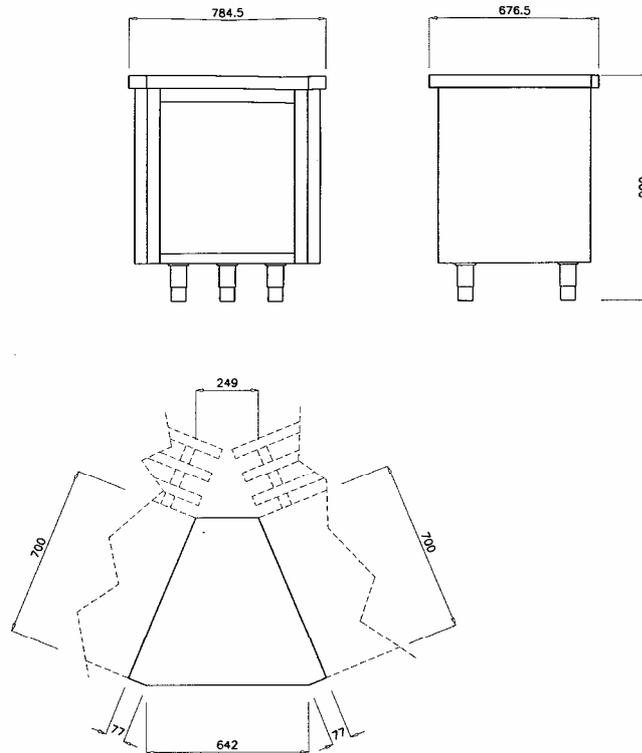

The appliances are certified by CE brand name.
